Hatchell & Associates proudly announces our newest product lines:

Paragon DOAS

- Fully modulating refrigeration and optional hot gas reheat deliver air at the desired temperature and humidity.
- Variable speed components adjust capacity to perfectly match the load.
- An impressive 20.2 IEER rating – more than 1.5X the ASHRAE 90.1-2016 standard.
- Danfoss variable speed inverter scroll compressors eliminate excessive cycling, premature unit aging, inefficient hard starts, and unnecessary energy consumption.
- Every unit is equipped with CAS-LINK real time 24/7 unit monitoring. CAS-Link allows for remote unit adjustments, often eliminating the need for an onsite service tech visit.

Hunter Industrial HVLS Fans

- Innovative direct drive motor – no gearbox!
- Fewer blades, parts and hardware make an extremely lightweight fan.
- 50% more efficient than the competition.
- Slower velocity and far reaching airflow.
- Easiest installation on the market.
- AMCA Certified.
